

COVID-19 Update

Child & Adult Care Food Program (CACFP) Meal Service during COVID-19 Outbreaks

March 17, 2020, 6:00 pm

Sent by listserv to CACFP Sponsors and posted at
www.kn-eat.org, Child and Adult Care Food Program, What's New

Due to COVID-19, the Kansas State Department of Education is offering the flexibility to the milk requirements in Kansas. During this national emergency, the cow's milk you are able to purchase (e.g. skim, 1%, 2%, whole) may be used to fulfill the milk requirements for any age group within the Child & Adult Care Food Program (CACFP). Please document when these substitutions are made. This flexibility does not cover substituting non-dairy beverages that do not meet the standards of cow's milk.

KSDE appreciates your commitment to meet the nutritional needs of children during this challenging time.

Additional updates will be provided as guidance is received from USDA. If you have questions, please contact your area Child Nutrition Consultant or the Topeka Office.

Cheryl, Jill and Julie
