THE PROGRAM
Each Mobile Dairy Classroom Program includes:
• A 30 to 45 minute oral presentation by a
  trained instructor.
• Printed educational material for teachers
• Milking demonstration
• Question and answer period

THE MOBILE DAIRY CLASSROOM IS OFTEN
A FEATURED EXHIBITOR IN STATE, DISTRICT,
AND COUNTY FAIRS.
Instructors teach audiences:
• The importance of dairy foods in a healthy diet
• Modern environmental and food safety 
  practices on the dairy farm
• The modern milking process
• Characteristics and anatomy of dairy cows

Requirements for reserving the Mobile Dairy 
Classroom:
• 200 or more students
• Adequate seating for students
• 45-50 foot parking space
• A completed request form returned to 
Southwest Dairy Museum

For more information, please visit our website at 
southwestdairyfarmers.com.

Earliest convenient starting time ____________________

Please send us a map or layout of your campus indicat-
ing the location selected for the Classroom and the student 
seating area with this request. Using official 
highway numbers, street names, and compass directions, 
please provide directions from the nearest major high-
way or interstate to your school. PLEASE DO NOT 
SEND INTERNET MAPS.

I understand the physical requirements for the 32-foot 
Classroom and will be able to provide the necessary 
arrangements for accommodations. The Classroom will 
need a 45 to 50 foot parking space.

I further understand that the Mobile Dairy Classroom 
is an educational program and agree to instruct the 
students and faculty that excellent behavior is expected.

GENERAL INFORMATION
The Mobile Dairy Classroom is a division of the Southwest 
Dairy Museum Inc., a non-profit, educational and promotional 
organization that is funded by the dairy farm families of the 
Southwest. The Mobile Dairy Classroom is a free program for schools, 
fares, and festivals. It’s a traveling milking parlor, carrying a live 
cow and providing an oral presentation, a milking demonstration, 
and a question and answer session. The Classroom will need a 
45 to 50 foot parking space. A teacher’s guide with student 
activities titled “Milk from Cow to Kids” will be given to each 
classroom. The instructor will also leave an educational video, 
“The Buttercup Story,” for the school library.

The presentations are designed to address the appropriate age 
of our audience. It is intended to enrich the public with basic 
knowledge of the dairy farmer, milk cows, production and the 
processing of dairy products, and the value of dairy foods in a 
healthy, well balanced diet. Our educational programs relate to 
math, science, health instruction, sanitation, and food safety. 
Instructors can teach approximately 1000 students per 
school visit and, for the cows’ sake, not exceed 5 milking 
demonstrations per day. Request forms are also available 
and can be submitted online through our website at 
southwestdairyfarmers.com. All Mobile Dairy Classroom 
instructors and employees of the Southwest Dairy Museum 
have submitted to regular and continuing criminal background 
checks and driving record reviews for violations.

Your school will not have to reschedule due to weather 
conditions. Our Instructor can present an excellent inclement
weather program in the classroom or auditorium that 
includes visual aids as well as hands on materials.
