

# SUNFLOWER SPOTLIGHT

## **Wildwood Outdoor Education Center, Inc.**

Wildwood Outdoor Education Center, located in La Cygne, hosts week-long summer residential camps designed to increase summer learning opportunities and diminish the opportunity gap for low-income children. This summer Wildwood pledged to offer “One More” day of service per week and to increase their camper enrollment. Last year, Camp Wildwood was held Monday through Thursday. This year, camp will be Monday through Friday, and campers will receive all meals from Monday’s lunch to Friday’s lunch. To increase enrollment, Wildwood has partnered with community youth organizations in Kansas City, and they are also offering three weeks of open enrollment (with spots still available), in which any child can attend camp. Wildwood Outdoor Education Center is to be commended for increasing access to summer meals and planning to achieve their “One More” pledge!
