The subject video had its debut at the Child and Adult Care Food Program National Professional Association Conference in Madison, Wisconsin, at the breakout session, *Improving CACFP through Partnership and Collaboration*. The Food and Nutrition Service, Mid-Atlantic Regional Office produced this video for the sponsors it administers in Virginia. The video is directed to sponsor monitors and the critical role they play in the success and integrity of the sponsorship.

Copies of the training materials are provided in both a VHS and DVD format. Both English and Spanish versions are presented on the same tape. Please note that the format of the video allows each sponsor the opportunity to ‘pause and discuss’ specific policies and procedures related to their particular operation.

We have sent more videos than each state have sponsors of homes. We expect that some sponsors may have out-stationed staff that will need access to training material.

This material was produced in cooperation with the Planning Council, a Virginia sponsor of homes, and the Virginia Sponsor’s Association. If you have any questions, please contact our office at (303) 844-0354.

Mary Nelson
Regional Director
Special Nutrition Programs
