

DAILY HACCP TEMPERATURE LOG

SITE: _____

DATE: _____ 20____

Receiving Log – SOP #8

Instructions	Time	Vendor (or Other Source)	Product Name	Temp.	Corrective Action	Initials
Take and record the temperature of a sample of refrigerated, potentially hazardous foods (PHFs). Milk and shelled eggs must be 45°F or below and all other PHFs 41°F or below. Make sure that frozen products are solid to the touch. Check all products for quality and to be sure that the products ordered are the products received.	_____	_____	_____	_____	_____	_____
